

CAS Quick Reference Guide

CAS Execution Template	
1	Routing
2	Check-In
3	Situation Update
4	Gameplan
5	CAS Brief
6	Remarks / Restrictions
7	Readbacks
8	Correlation
9	Attack
10	Assess Effects
11	BDA
12	Routing

Type of Control

Type 1: JTAC sees target and CAS aircraft, single attack

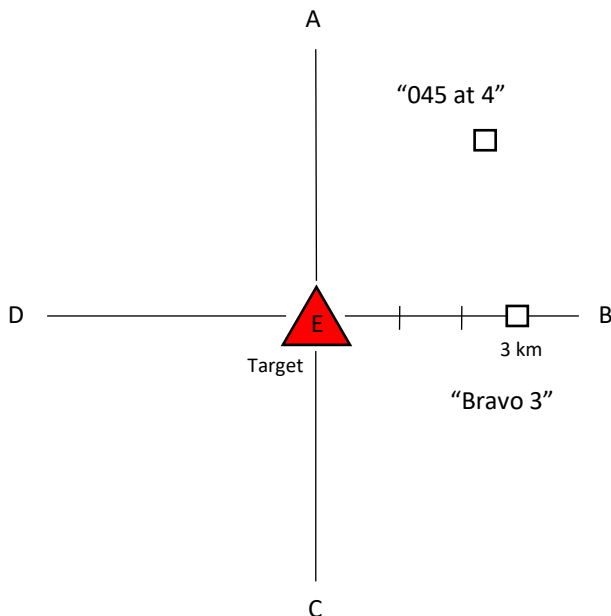

Type 2: JTAC cannot see target / CAS aircraft, single attack

Type 3: JTAC cannot see target / CAS aircraft, multiple attacks in single engagement

Method of Attack

Bomb on Target (BOT): CAS aircraft needs to correlate and call Tally on target

Bomb on Coordinate (BOC): CAS aircraft needs to attack a coordinate and may not see target
